

Summer Year 3

SACRED HEART
CATHOLIC PRIMARY
SCHOOL & NURSERY

English

We will be reading Egyptology to link with our history topic. We will use all of the amazing information and knowledge to write an Egyptian mystery narrative. We will then move on to write a secret diary entry about an adventurous expedition.

We are reading...

Our next unit will focus on Into the Forest, where we will meet some fairy tale characters. We will then write a Lost narrative in this style. We will then write a newspaper report based on a missing person.

purple mash

Computing

We will be using branching databases to find out information and devising simulations to solve problems. We will be using graphs in order to present information.

Maths

We are learning about: Statistics, geometry and measure of time.

We will then focus on measuring length and perimeter. We will also learn how to measure mass and capacity using a range of equipment to support us.

Science

This term in Science, we are going to be exploring forces and magnets and how magnetic forces are used.

We will then move onto deepening our knowledge of the impact of science in the world around us and the importance of scientist's inventions and findings.

R.E.

We are going to learn about and answer questions on:

Energy – What's The Use of Energy?

Choices – What Helps Me Choose Well?

Special Places – What Makes a Special Place?

History

How different were the beliefs in Ancient Egypt?

This term, we will look at developing an awareness of how historians learn about the past and the skills necessary to create a timeline from their findings.

This will explore the importance of religion in the life of the Egyptians and how this led to pyramids, tombs and mummies.

Art & DT

In Art this term, we will continue to practise our sketching and drawing skills.

In Design & Technology, we will explore and manipulate textiles following the influence of Egyptians. We will then move on to mechanical structures and pneumatics.

Music

This term, we will explore singing and work with the Metropolitan Cathedral on performing for others.

We will then move onto devising our own group song.

PE

In PE, we will be improving our skills in rounders, athletics and gymnastics.

We will also be working on outdoor adventurous activities.

Geography

Who lives in Antarctica?

During this term, we will be learning about longitude and latitude and how this links to climate.

We will also explore the physical features of a polar region and how humans have adapted to working there – whilst understanding there is no permanent population.

PSHE

We will be exploring how to use medicine safely and understand the effects of caffeine, vaping and alcohol.

We will discuss and make good decisions on appropriate friendships and how to be loving and caring for others.

We will discuss the impact of technology on health and understand how online information is used.
