

Summer Year 4

**SACRED HEART
CATHOLIC PRIMARY
SCHOOL & NURSERY**

English

We will be reading *The Journey*. This text focuses on the journey of leaving a home and finding a way to live in their new home. We will use our knowledge of current affairs to write a refugee narrative and later write a diary entry in character, using emotive language.

We are reading...

Our next unit will focus on Manfish and the achievements of Jacques Cousteau. We will look to write an invention narrative and a biography.

mash**

Computing

We will be learning about how to use Logo and the impact of Artificial Intelligence. We will devise an animation and make music using technology.

Maths

We are learning about: Statistics, geometry, measure of time and data analysis.

We will embed our knowledge of calculation using number facts and properties to help us to problem solve.

Science

This term in Science, we are going to be exploring how sound is made, how we can create louder sounds and what happens when we move away from the initial sound.

We will then move onto deepening our knowledge of Living Things and their Habitats focusing on our environment and conservation.

R.E.

We are going to learn about and answer questions on:
New Life – What's So Important About New Life?

Building Bridges – Why Are Bridge Builders Important in Life?

God's People – Why Do Some People Do Extraordinary Things?

History

Were the Vikings raiders or peace-loving settlers?

This term, we will look at extending our knowledge of different societies whilst focusing on the Vikings.

This will explore the struggle for Britain between the Anglo Saxons and the Vikings and we will investigate whether the Vikings were raiders or settlers.

Art & DT

In Art this term, we will be focusing on creating a sculpture by printing, using Norse Mythology influences.

In Design & Technology, we will create shell structures – creating an aquarium.

Music

This term, we will explore singing and work with the Metropolitan Cathedral on performing for others.

We will then move onto devising our own group song.

PE

In PE, we will be improving our skills in rounders, athletics and gymnastics.

We will also be working on completing a daily mile and creating opportunities to work on our mental health.

Geography

Why are rainforests important to us?

During this term, we will be focusing on the link between biomes and climate. We will locate the Amazon rainforest on a map and explain how the vegetation in a tropical rainforest is influenced by the two tropics.

We will also explore the lives of the people who live in the Amazon rainforest and how this impacts the locality and global influences.

PSHE

We will be exploring how to celebrate what makes us unique and feeling happy with who we are. How to use medicines safely and loving, caring and being thankful for those who are close to us.

We will continue to work on how to use technology effectively and protecting our online information.
